Oil spill

The number of marine pollution has **increased in the last 5 years**

We can make a clean
and safe sea together
via stopping **incident by
carelessness**

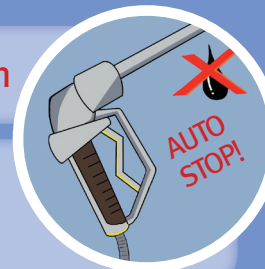

Types of oil spill 1

 During oil transferring operations

Prevention

Use the **auto-stop** oil gun

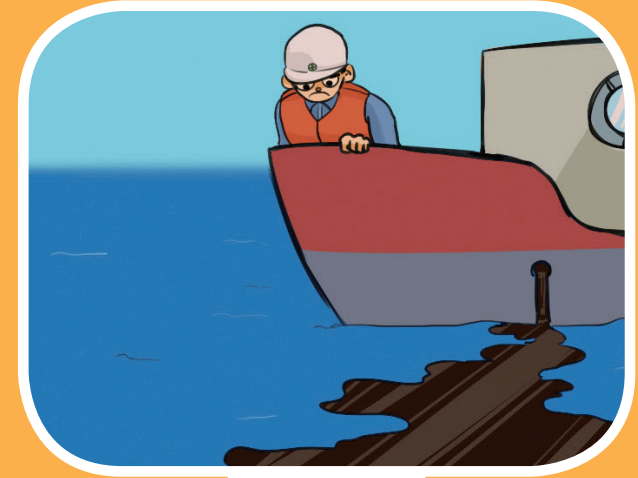

Seal deck drain
before bunkering

Collect remaining oil inside of
the hose after bunkering

Types of oil spill 2

 Discharge bilge

Prevention

Keep bilge in
a sealed type storage container

Request KOEM or SUHYUP to collect
and dispose bilge
